PERSONAL STATEMENT

- Software engineering graduate with more than 4 years of experience in efficient and large-scale mobile and web-based systems development.
- Highly experienced in Native Android and cross-platform Flutter development. Also have a solid knowledge on backend/REST API development in Node.js.
- I love to write clean code and follow best practices. Seeking to move into a new engineering position where I can take new challenges and excel my knowledge. Regular open-source contributor who believes in the power of collaboration, teamwork and growing together.
- Fluent in Mobile Application Development (Android, Flutter)
- Good knowledge in Backend/REST API (Node.js, Express)
- I enjoy challenges and strive harder to accomplish it.

WORK EXPERIENCE

04/2018–Present

Team Lead

Programming Hero (Bangladesh)

- Working as the technical lead, to develop products used by over 400k+ users.
- Developed the core architecture of the Programming Hero android app and build the iOS version with Flutter myself alone.
- Managing the technical team, architecting the systems, managing the servers and developing REST APIs.

07/2017–03/2018

Software Engineer

CRUX (Bangladesh)

- Designed and developed the Master Planner app that has been published on Google Play Store.
- Worked with GSM based security device.

02/2016–12/2017

Trainer

Sylhet International University (Bangladesh)

- Review fundamental concepts and methodologies of core java and android development.
- Mentored 50 beginner developers and helped them grow significantly and build a better career.

EDUCATION AND TRAINING

2014–2018

Bachelor of Computer Science & Engineering

Sylhet International University

- CGPA 3.36 out of 4

PERSONAL SKILLS

Professional skills

Languages: Java, Kotlin, JavaScript, Dart, Python

Frameworks: Flutter, Node.js, React.js

Databases & Storage: MySQL, PostgreSQL, MongoDB, Redis, Memcached

Version Control: Git with Smart Git Flow; used with Bitbucket, GitHub

Others: Docker, Webpack, yarn, OAuth, JWT

Code Testing Tools: Junit, Mockito

Collaboration Tools: Slack, Trello, Discord

Operating System: macOS, Ubuntu

CLI: Fluent in Unix Terminal (bash, zsh).

Server Administration: Web application deployment and scaling with AWS.

Frontend Development: Good working knowledge using HTML, CSS and related frameworks.

Mother tongue(s)

Bengali

Foreign language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B2	B2

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user
Common European Framework of Reference for Languages

Communication skills

- Excellent communication skills gained through working with foreign clients, co-workers from different countries.
- Good networking and presentation skills gained through attending and speaking in many conferences and organizing different workshop.

Organisational / managerial skills

- Leadership (currently responsible for a team of 8 developers).
- Excellent organisation skills gained as founder of a community-based coding education platform; responsible for organising and speaking at workshops.
